**RE: Agreed Order – Continuing Medical Education (CME) Deficiency**  
**Case Number: 04-111 / COMPLIANCE**

Dear Dr. Blank,

The Texas State Board of Podiatric Medical Examiners is in receipt of the signed/notarized alternate Order dated August 9, 2004 and August 23, 2004; the effective date of the Order is August 23, 2004.

After review of your current Continuing Medical Education certificates for the biennium September 1, 2002 through October 31, 2004, per Order term #2, you are **FULLY COMPLIANT** with the terms of the Agreed Order. You have been given credit for a total of 70 hours of CME, well in excess of the 39.75 required hours, of which 10 hours from the 30.25 hour balance will be carried forward to the biennium November 1, 2004 – October 31, 2006. Therefore, you need only obtain 20 hours of CME between November 1, 2004 and October 31, 2006.

Although the Board is required to report all actions to the National Practitioner Databank (NPDB-HIPDB), this letter will affirm your immediate and full compliance with the Order; with no further monitoring or action to be taken by the Board. The Board is appreciative of your prompt attention to this matter and cooperation throughout this process.

Please retain this letter for your records should you be asked to qualify the Order with an entity affording you clinical or insurance privileges.

Thank you again for your cooperation and professionalism throughout this process.

Sincerely,

Hemant Makan

By letter dated July 23, 2004 the staff of the Texas State Board of Podiatric Medical Examiners (the "Board") gave preliminary notice to Dr. Blank of its intent to investigate complaints, concerns or reports filed against him. Dr. Blank was duly notified of the allegations against him and was given the opportunity to present information in rebuttal and to show compliance with the law. The Board and Dr. Blank, in order to avoid the expense, delay and uncertainty of a hearing, have agreed to the entry of an order dispensing with the need for further action in this matter. Dr. Blank agrees to this Order for the purpose of resolving this proceeding only and without admitting or denying the Findings of Fact and Conclusions of Law set out in this Order. The Board makes the following Findings of Fact and Conclusions of Law and enters this order:

**FINDINGS OF FACT**

1. Dr. Blank is licensed as a podiatric physician in the State of Texas (License Number 1416) to practice podiatric medicine and is therefore subject to the jurisdiction of the Board, the Podiatric Medical Practice Act of Texas and the rules of the Board.
2. Complaints were filed against Dr. Blank, and he was provided with notice of the complaints and with an opportunity to respond to the complaints; to present information to show compliance with the law.
3. Dr. Blank, as a podiatrist licensed in the State of Texas, must comply with the provisions of the Podiatric Medical Practice Act of Texas, the Board rules and Board orders.
4. The Board conducted random Continuing Medical Education (CME) audits for

- the September 1, 2000 - August 31, 2002 period.
5. Dr. Blank was randomly selected for a CME audit.
  6. Dr. Blank signed the "Required CME Affirmation" on the annual license renewal form (dated September 20, 2002) indicating that he had "obtained the required 30 hours of approved CME's that are required by Board Rule to renew his license to practice podiatric medicine in Texas."
  7. Dr. Blank failed to obtain the requisite 30 CME hours for the September 1, 2000 - August 31, 2002 audit period.
  8. After review of all CME certificates, Dr. Blank was deemed to be deficient 9.75 hours.

### CONCLUSIONS OF LAW

1. Dr. Blank is required to follow the provisions of the podiatric medical practice act, Texas Occup. Code, §202.001, et. seq., and the associated rules of the Board, 22 Tex. Admin. Code § 371.1, et. seq..
2. Tex. Occup. Code §202.501(a) provides that, "the Board shall revoke or suspend a license; place on probation a person whose license has been suspended, or reprimand a license holder for violating the law regulating the practice of podiatry or a rule adopted by the board."
3. Tex. Occup. Code §202.551 provides that, "the Board may impose an administrative penalty against a person licensed or regulated under this chapter who violates this chapter or a rule or order adopted under this chapter."
4. 22 Tex. Admin. Code §376.1(a)(1) provides that, "any podiatric physician who violates any provision of these rules, or any provision of the Act shall be at the discretion of the Board subject to the following penalties: cancellation, suspension, revocation, or probated cancellation, revocation, or suspension of the license to practice podiatric medicine."
5. The Findings Of Fact numbers 1 through 8 establish that Dr. Blank violated:  
**(a) 22 Tex. Admin. Code §378.1(a), which provides in part:** Each person licensed to practice podiatric medicine in the State of Texas is required to have 30 hours of continuing education every two years for the renewal of the license to practice podiatric medicine. Two hours of the required 30 hours of annual continuing education (CME) may be a course, class, seminar, or workshop in Ethics. It shall be the responsibility of the podiatric physician to ensure that all CME hours being claimed to satisfy the 30 hour bi-annual requirement meet the standards for CME as set by the Board.  
**(b) 22 Tex. Admin. Code §378.1(g) which provides:** These hours of continuing education must be obtained in the 24-month period immediately preceding the year for which the license was issued. The two-year period will begin on September 1 and end on August 31 two years later. The year in which the 30-hour credit requirement must be completed after the original license is issued is every odd-numbered year if the original license was issued in an odd-numbered year and is every even-numbered year if the original license was issued in an even-numbered year. A licensee who completes more than the required 30 hours during the preceding CME period may carry forward a maximum of 10 hours for the next CME period.

(c) 22 Tex. Admin. Code §378.1(j) provides: If the licensee does not comply with the request for CME documentation within 30 days of receipt of the letter, or if the licensee is unable to provide proof of the hours claimed on the annual renewal form, the licensee will be investigated by the Board. If the investigation reveals that the requirement was not met, the licensee may be disciplined. The penalty for non-compliance with the bi-annual CME requirement shall be a letter of reprimand and a minimum \$2,500 administrative penalty per violation up to the maximum allowed by law.

### **ORDER**

1. Dr. Blank shall pay a fine of \$2,500.00 (Two Thousand Five Hundred Dollars and no/100) fully due and payable within 120 (one-hundred twenty) days after the effective date of this Agreed Order. The fine of \$2,500.00 (Two Thousand Five Hundred Dollars and no/100) is conditionally waived. Failure to rectify the CME delinquency, as noted in Order #2, by October 31, 2004 will result in the automatic assessment of the fine, which shall be immediately fully due and payable.
2. In addition to the requisite 30 hours of CME for the September 1, 2000 - August 31, 2002 audit period, Dr. Blank is required to obtain an additional 9.75 hours to compensate for the deficiency during the September 1, 2002 - October 31, 2004 CME period.
3. The terms of this **Agreed Order**, if accepted by the Board, become effective upon approval of the Board.
